I am looking for an entry-level position to kickstart my career in the Web-developing as Front-end Developer. Experienced in creating visually appealing and user-friendly interfaces, adept at collaborating with designers to deliver engaging web experiences.

I wish to work in a dynamic organization that will contribute to my professional and personal growth while I contribute to the growth of the company as well as engage in opportunities to further the company's goals.

Experience

● SkyTech Pvt.Ltd | Front-end Developing | ReactJS | Internship Jan-2024 to Present

- During this internship, I mainly focused on web development with React.js, a leading JavaScript library for building user interfaces.
- Start by revise HTML, CSS and Javascript basic Concept. Master media queries to create responsive designs, adapting layouts and styles to different screen sizes and devices.
- Practice responsive design and version control to enhance my skills and collaborate effectively in real-world projects.
- Throughout the internship, I honed my skills in React.js, including proficiency in component-based architecture, state management, and routing. Also I gained practical experience in developing dynamic and interactive web applications.

● Way To Web Pvt.Ltd | Internship May-2023

- In this Internship I learned about how actually a Web works and every science behind it.
- Learning HTML and CSS during an internship is a fantastic opportunity to gain practical experience and build a solid foundation in web development.
- Basics of Javascript Programming Language were also taught to us.
